

# Heavy-Duty Tow E-Hitch

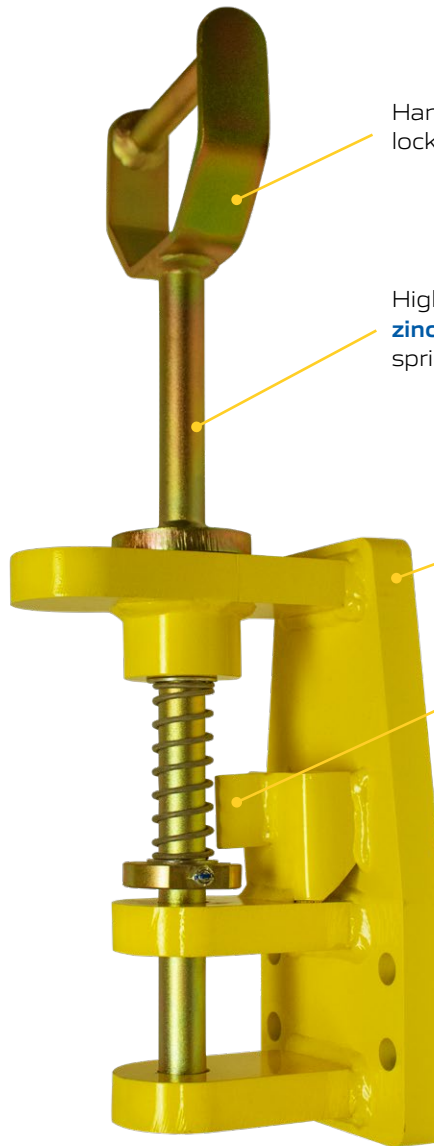

## Designed for Baggage and Cargo Dolly Tractors

This single-level, tow e-hitch with 1-inch (2.54cm) spring-loaded pin, is specifically designed to be mounted on baggage and cargo dolly tractors and easily attach to FAST towable ground support equipment.\*

The FAST E-hitch can be used as original equipment installation or retro-fit/replacement of existing couplings to help improve operational performance and safety.

\*It's also compatible with other GSE brands with 1-inch towbar eyes.
