

Caster Deck Solutions

Lift. Weigh. Move. We Do It All.

Full line of caster deck solutions for easier manual movement of ULDs, cargo carriers and solid surface pallets. Constructed of heavy-duty steel with non-skid walking surfaces, each can be customized in size with optional roller, caster or ball deck surfaces to best fit the application.

Caster Decks

Built to specifications for each operation, with heavy-duty construction for use inside or outside.

Caster Deck Scales

Combination caster deck and heavy-duty scale platform to quickly and easily weigh large ULDs and cargo containers.

Caster Deck Scissor Lift

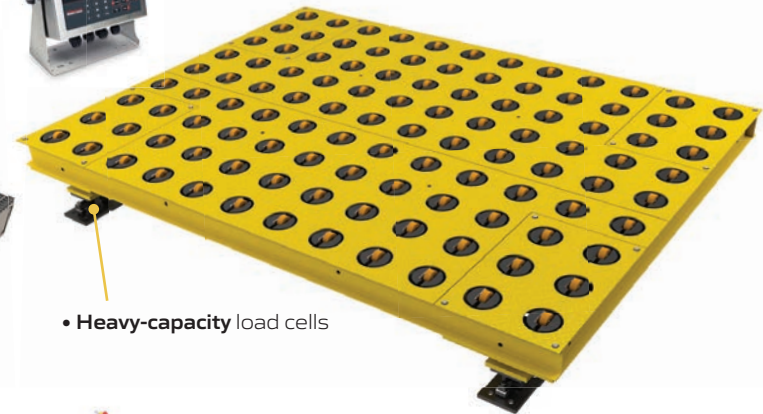

Stationary lift designed to provide seamless transfer of ULDs from dollies or trailers to dock doors or decking.

- **Heavy-duty construction** for use inside or outside

- **High-profile LED readout panel** for ease in weighing

- **Heavy-capacity load cells**

- **Hand rails** provide additional safety and mounting structure for master control panel

- **Platform height** adjusts from 20-72 inches

- **Hydraulic lift cylinders** allow for smooth, reliable operations

ALL DECKS FEATURE:

- Optional **caster, ball or roller deck** surfaces
- **360°** swiveling phenolic casters or steel balls allow loading or unloading in any direction
- **Steel rollers** provide bi-directional movement only
- **Sealed casters and rollers** to minimize maintenance and maximize longevity
