

# Gravity Rollers

**Designed for high performance and maximum longevity.**

Roller conveyors designed to leverage natural gravity flow to move packages with ease. Heavy duty steel or phenolic roller construction, with custom pull-out extensions to provide variable lengths to fit the application.

- **Heavy-duty, sealed bearing rollers** minimize maintenance and maximize longevity
- **Irregular conveyors** transport large or odd size packages for loading
- **Self-center rollers** singulate packages for orderly flow onto load conveying equipment

## Specifications

<b>Length</b>	3 to 60 ft.
<b>Width</b>	36 to 48 in.
<b>Rollers</b>	1.94 in. diameter; PVC or 16 gauge steel
<b>Structure</b>	Bolt-Up or Weld-Up
